

Wait for Me

Kalyn Fay

[Sounds of tuning guitar]

Kalyn Fay: Alright, this next song is called Wait for Me. When I moved to Arkansas, I knew I was going to miss my family and my friends and specifically the landscape I grew up in and so I wrote this song as a love letter to the space that I existed in my whole life.

[Guitar strumming and cello begin]

[Verse 1]

Well Mama I've been a ramblin' gal
And it's safe to say
Ain't nothing compared to the way the wind speaks
On your rolling prairie

[Chorus]

Won't you wait for me
Won't you wait for me
When I'm lonely and tired
Too tired to roam
Won't you wait for me

[Verse 2]

There's diamonds and rivers, there's gold on your leaves
Don't cost you a thing
My heart is heavy when my soul feels weak
Let the stars and the summer sing

[Chorus]

Won't you wait for me
Won't you wait for me
When I'm lonely and tired
Too tired to roam
Won't you wait for me

[Bridge]

Will you miss me when I'm gone
This just a lonesome lover's song

Will you miss me when I'm gone
This just a lonesome lover's song
Will you miss me when I'm gone
This just a lonesome lover's song
Will you miss me when I'm gone
This just a lonesome lover's song

[Verse 3]

And I know I've always been looking to leave
Time is finally near
And Mama I'm gonna miss you so much
Cause home was always right here

[Chorus]

Won't you wait for me
Won't you wait for me
When I'm lonely and tired
Too tired to roam
Won't you wait for me

[Applause]

Kalyn Fay: Thank you!
