II. DESCRIPTION OF REQUIRED SERVICES

The Smithsonian Center for Folklife & Cultural Heritage has a requirement for a Accessibility Coordinator for the 2024 Smithsonian Folklife Festival. The Festival will be held on the National Mall in Washington, D.C. from June 26–July 7, 2024. A firm fixed price order will be awarded.

III. EVALUATION

The SI plans to award based on best value to the SI considering the following factors here. The SI plans to award without discussions, however, does reserve the right to conduct discussions if later determined by the Contracting Officer to be necessary.

All of the following factors are of equal importance. Evaluation factors are:

A. Relevant Experience/Past Performance

1. Relevant experience is that obtained within the past 3 years providing or performing services of similar size, scope, complexity and type of client that indicates your suitability for this project. A resume may be submitted to show relevant experience.
2. Past Performance should be indicated by a list of current or previous contracts with names of points of contact and their current telephone numbers who can answer specific questions on quality, workmanship and scheduling. For each project referenced please provide the following: contract periods of performance dates, dollar values, and a brief description of the work performed.

B. Price - Cost for requested services. Although approximate hours are listed per phase SI is not looking for a per hour rate. SI is looking for a per phase project fee for each of the five (5) phases, and a total project fee.

An estimate of required services is provided, however it is only an estimate to give prospective bidders an idea of the Festival’s needs.

Contractor shall submit prices for the following services:

*Develop, implement and oversee a comprehensive accessibility program for the 2024 Festival*

See attached Statement of Work for full description of services required.

IV. INSURANCE REQUIREMENTS

Prospective contractors are required to have General Liability Insurance in the amount of $1,000,000. SI must be listed as additional insured for the General Liability insurance. Proof of insurance must be submitted with quotes.

V. SYSTEM FOR AWARD MANAGEMENT (SAM) REGISTRATION

It is a requirement that current and prospective recipients of contracts and purchase orders awarded by the SI must have an active SAM registration to be eligible for awards, and maintain an active record in SAM throughout the period of time the SI award will be in effect. The SAM requires a one-time business registration, with annual updates, and allows vendors to control the accuracy of the business information they enter. The financial data you enter, which includes the electronic funds transfer (EFT) data collected by SAM, will assist the SI with correctly directing payments on your invoices and complying with the Federal Debt Collection Improvement Act of 1996.

Within thirty (30) calendar days after your SAM registration is activated you must mail a notarized letter to SAM. You will receive guidance on this procedure throughout the SAM registration process and again after your SAM registration is activated. Federal agencies, including SI, have been assured that once an entity’s SAM registration is activated, agencies may engage that entity. Notarized letters from registered entities will need to contain specific language. OCon&PPM has provided the preferred language for letters with our form memo OCon 120 – Mandatory Registration in the System for Award Management (SAM) that accompanies this RFQ.

If yours is the acceptable price quote and you are selected for award, your organization's valid and active registration with SAM must be verifiable by SI staff administering this
procurement prior to contract or purchase order award, and at the time any modifications or amendments to awards might be required. Registration in SAM may take up to 1 month.

You may complete or update your SAM registration information anytime online at [http://sam.gov](http://sam.gov). Questions regarding the process may be directed to the Federal Service Desk online at [www.fsd.gov](http://www.fsd.gov) or via toll free call to 1-888-606-8220. There is no charge for registering in SAM.

VI. UNIQUE ENTITY IDENTIFIER (UEI) NUMBER

A UEI number is a unique twelve-digit alpha-numeric identifier that will be assigned to you when your SAM registration is completed. A UEI is available for each physical location of your business (see Section V. of this RFQ). You will need to maintain your assigned UEI(s) in a safe location where they may be easily accessed. Your UEI will be required whenever you need to annually update your SAM registration or make changes to your SAM registration information at any time.

VII. LEGISLATIVE AND/OR ADMINISTRATIVE REQUIREMENTS

A. Service Contract Act of 1965, as amended

If services to be performed are covered by the Service Contract Act (SCA), as amended, the SCA shall apply to all work performed under the contract, purchase order, or GSA schedule task order to be issued. Individuals and companies submitting quotes are encouraged to verify the wages and fringe benefits determined by the U.S. Department of Labor to be payable for the Labor Category and in within the location that work performance will occur as cited in the Statement of Work. The SCA wages and fringe benefits payable shall be part of the order award.

Individuals and companies awarded a contract, purchase order or GSA schedule contract task order for SCA covered services are responsible, and required by law, to deliver to its employee(s) or post a notice of the required compensation in a prominent place at the worksite. The SCA provides authority to contracting agencies to withhold contract funds to reimburse underpaid employees, terminate the contract, hold the contractor liable for associated costs to the government, and debar from future government contracts for a period of three (3) years any persons or firms who have violated the SCA. The contracting officer awarding this order, or the Smithsonian Inspector General, may periodically require contractors to provide information that verifies compliance with the SCA for services provided under the awarded contracts, purchase orders or GSA schedule contract task orders.

B. E-Verify

If at award, or anytime during contract performance, the dollar amount of the contract award exceeds $150,000 or $5,000,000 under GSA Schedule, with a period of performance over 120 days, the successful bidder is required to register in the E-Verify System and verify that all individuals to be hired under the contract award are eligible
for employment within the U.S. This requirement is not applicable to work that will be performed outside the U.S. or for Commercial Off the Shelf (COTS) items.

E-Verify is an Internet-based system operated by the Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS). It allows employers to verify the employment eligibility of their employees, regardless of citizenship. For more information on e-verify and when, why and how to register and use the system please go to the USCIS site on the World Wide Web at: E-Verify.gov.

Executive Order 13465 and Homeland Security Policy Directive 12 (HSPD-12)

C. Background Investigations

If a contractor employee assigned to the SI under this contract will have an association with SI that will be greater than thirty (30) days, determined either at time of contract award or anytime during contract performance, and will need access to staff-only areas of SI controlled facilities and leased spaces, the employee shall be required to receive an SI Credential. Contractor employees who require an SI Credential shall be required to undergo and pass an appropriate background investigation and complete security awareness training before an SI Credential is issued. Employees whose associations with the SI will be less than 30 days shall not receive a background investigation or SI Credential, however, they must be escorted by Credentialed personnel at all times when in staff-only areas of SI facilities. If relevant to this RFQ, a form OCon 520, Background Investigations and Credentials for Contractors’ Personnel, is included. The following actions shall be required to be completed by the SI Contracting Officer’s Technical Representative (COTR) and successful vendor:

1. The COTR shall provide an OF-306, Declaration for Federal Employment form, for each of the Contractor’s employees who will be assigned to the SI for 30 days or longer. The OF-306 forms must be completed by each person and returned by the Contractor to the COTR, or other designated SI employee, within ten (10) workdays from receipt of the forms by the Contractor.

2. For contractors to SI organizations outside the Washington DC and New York City areas, forms SF-87, Fingerprint Cards, shall be provided to the Contractor by the COTR or other designated SI employee. Each form SF-87 must be returned to the COTR, or other designated SI employee, within ten (10) workdays from receipt of the forms by the Contractor. Notice to all Current and Prospective Smithsonian Institution Contractors

Subject: Mandatory Registration in the System for Award Management (SAM)

Individuals and companies that want to do business with U.S. government agencies, including the Smithsonian Institution, are required to maintain active and valid registrations in the System for Award Management (SAM). We are informing you of this requirement because you are a vendor who has been requested to present pricing and/or proposals for goods or services, is currently participating in a Smithsonian solicitation for goods or services, or is already providing goods or services to the Smithsonian.

Registration with SAM is free and accomplished via https://www.sam.gov. Included with this letter are tips on how to register in SAM. These have been written by the Smithsonian Office of Contracting and Personal Property Management and are intended to convey specific information on how to register with SAM to do business with the Smithsonian. Full guidance on how to register in SAM is available from the Federal Services Help Desk (FSD) and Professional Technical Assistance Centers, as described in the tips.

Thank you for your attention to this matter. If you received this letter in conjunction with a solicitation or Request for Quote, please address any questions you may have to the Smithsonian point of contact whose name and telephone number are provided therein.

Sincerely,

Thomas E. Dempsey
Director
General Tips for Businesses To Register in SAM

1. **There is assistance directly on the SAM website to start registration.** Look for quick start guides and the SAM user manual using the Help tab on the SAM.gov website. These guides are helpful for vendors in completing the SAM registration process.

2. **Registration in SAM is Free.** If you search online for SAM registration your search might return businesses that will assist you with SAM registration for a fee. You are not required to utilize these services, and the Smithsonian does not reimburse for their use. The easiest way to ensure you are in the right location is to navigate directly to www.SAM.gov.

3. **Free assistance with SAM registration is available via the Federal Service Desk (FSD).** This is available at http://www.fsd.gov, or at the toll-free number 1-866-606-8220.

4. **Procurement Technical Assistance Centers (PTAC) offer free assistance with SAM registration.** These centers are non-profit, non-governmental organizations established to assist you with doing business with the government. You must use the local or regional office closest to your business address. Locate the center nearest at http://www.aptac-us.org.

5. **You control all information entered into SAM, and may opt out of public searches.** If you choose to opt out of public searches, please notify the Smithsonian employee you are working with and provide confirmation of your SAM registration.

6. **Be sure to keep your SAM registration up-to-date.** After you have completed registration you will be required to update your information if it ever changes (such as mailing address, being bought out, banking records) and notify Smithsonian staff as soon as possible. Keep your Unique Entity Identifier Number in a safe place, you will need it to renew or update your registration.

**Tips on Valid Registrations:**

Your registration must be active, registered for “All Awards”, and your IRS Tax Payer Consent Name must match your business (entity) name:

7. **Your registration must be active before the purchase can be made.** Inactive records cannot be used for a purchase. You will be required to validate your registration at least annually, and there can be no breaks in registration after completion. Your SAM registration must be active throughout the term of the award and when modifications or amendments to awards are required.

8. **You must register as eligible to receive “All Awards” to qualify for Smithsonian Awards.** In the SAM registration process, you will be asked for your purpose of registration. The question is “Why are you registering this entity to do business with the U.S. Government?” You must answer this question with “I want to be able to bid on federal contracts or other government opportunities. I also want to be able to apply for grants, loans, and other financial assistance programs.” This option will allow you to accept procurements issued by the Smithsonian. Do not select “I only want to apply for federal assistance opportunities like grants, loans, and other financial assistance programs.” If you register for assistance opportunities only then procurements may be delayed until your record is corrected.

9. **The name of your business (entity) that you enter in SAM must match your IRS Tax Payer Consent Name.** This will be the name that Smithsonian will use to register your entity in our internal payment and tax reporting system. If your SAM entity name and your Tax Payer Consent Name differ this can create problems during the Smithsonian vendor enrollment and tax reporting processes, as well as for you when paying taxes. (These two names may be allowed to differ only if you are a single member LLC, and you report and pay taxes to the IRS using the owners name and tax id. In this case, IRS will count the owners name and tax id as the legal business name while disregarding the legal business name of the LLC registered in SAM.)
**Tips for Businesses To Register in SAM – Appointing and Entity Administrator**

SAM will appoint the individual who registers a new entity as the administrator for the entity. They will have the capability of updating your registration information, renewing the registration, and ending the registration. This administrator must be an employee of your entity.

If your entity system administrator must be added or updated for any reason after initial registration, then SAM requires you to submit a notarized Entity Administrator Appointment Letter to designate a new entity administrator. The notarized letter must contain specific language written by SAM and outlined on the FSD website.

Guidance for the required notarized letter is found at [www.fsd.gov](http://www.fsd.gov) in the frequently asked questions section. The process to submit the notarized letter is found on the FSD website Frequently Asked Questions knowledge base under the question “How can I become the new administrator for our entity registration?”

Please be sure to keep your entity administrator up-to-date as you maintain your SAM registration. They will be the point of contact for all future SAM information updates. If your SAM registration requires updating and you do not have a current system administrator, the process to add a new one can take multiple weeks. This can greatly delay the procurement process.
